DETAILED ACTION

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 24-26 are rejected under 35 U.S.C. 103(a) as being unpatentable over Applicant's Admitted Related Art (AARA) as disclosed in the Background of the Invention in view of Davidson et al. 4,083,621. AARA discloses the method substantially as claimed. Applicant discloses in the Background of the Invention that the method of wrapping and electrically connecting a string of lights in a reverse wrapped orientation is well known in the art. AARA does not disclose the step of providing an elongated connection assembly having male electrical plugs at both ends thereof. However, Davidson et al. discloses a provision of an elongated connection assembly 27 having male electrical plugs at both ends thereof. It would have been obvious to one of ordinary skill to modify the method of wrapping by providing a connector having male electrical plugs at both ends as taught by Davidson et al. to mate with female connectors.

Response to Arguments

Conclusion

Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
